

CITY OF LAGUNA NIGUEL INNOVATION LAB

The iLab is a special form of internship that offers you the flexibility to control the type of work you'll be doing. By joining us as an iLab Intern, you're able to browse all projects from the Administration, City Clerk, City Manager, Community Development, Parks & Recreation, and Public Works Departments, and select which type of work you want to do that is compatible to your skill set. You choose the work, you choose the schedule, and we receive the production from an individual who wants to experiment on the type of duties they want to get done. After the completion of numerous projects iLab Interns gather, spitball ideas, and develop their own project that can **INNOVATE CITY GOVERNMENT**.

WHO QUALIFIES

The iLab is open to anyone currently enrolled in a university or college, and is in good academic standing. Additionally, it would help if you have showed leadership and initiative by having been a part of an academic or community group.

HOW TO APPLY
