Deputy Director of TLMA
Building Official

COUNTY OF RIVERSIDE BUILDING AND SAFETY DEPARTMENT

RESUBMITTAL OF TRACT WALL PLAN CHECKLIST

This checklist was developed to assist the applicant. County staff will use the checklist to ensure all revisions/correction packages are complete prior to re-submittal of the documents back into plan check. This verification will assist in avoiding any unnecessary delays that may result in additional reviews due to incomplete submittals.

- 1. Marked set (**redlines**) or previously approved set if revising plans
- 2. Two (2) complete sets of plans (blue prints, complete with clouds/deltas & correction response sheet)
- 3. Scope of changes must be listed (if revising plans)
- 4. Two (2) sets of Structural Calculations
- 5. If walls are being relocated, a revised precise grading plan is required with submittal
- 6. Two (2) copies of Soils Report
- 7. Approved Acoustic analysis if required by tract's conditions of approval.

FOR OFFICE USE ONLY

I _____ hereby confirm that the items checked
(First Name/Last Name)

above are included in this submittal.
