

Making changes to your landscape? Installing new landscape?

**Obtain a Landscape Permit
today and avoid costly penalties.**

Effective December, 2015, all new landscape installations and modifications are required by California Title 23, section 490 (c) to adhere to the Model Landscape Ordinance.

By obtaining your Landscape Permit from the Building Department, you will be granted a 10 day Conditional Watering Permit which is an exemption to the watering regulations. This watering permit is designed to assist in establishing your new or renovated landscape.

Failure to obtain a permit may result in fines and/or penalties.

**If you have questions or would like information on how to obtain a permit, please call:
City of Hanford Building Dept. at (559)585-2581.**
