*P3a. Description:

This residence was originally constructed as vernacular pyramidal house circa late 19th or early 20th centuries. A residence of similar form appears on the 1913 Sanborn Map at the same location, although cornice and bracket detail suggest an earlier construction date. It has been substantially altered from its original historic appearance and no longer conveys its significance as a contributor to the Benicia Downtown Historic District. Changes include replacement of original windows and installation of new windows, alterations to porch with removal of original posts and rails and re-orientation of stair. The building lacks integrity of design, materials, workmanship, association and feeling.
