PRE-FILING REVIEW: Applicants for WTFs must make an appointment with the wireless coordinator at City Planning's Metro Development Services Center, prior to application filing, in order to determine the appropriate review process. The following basic materials are required for this review:

- 1. Two sets of plans (11" x 17" reduced size).
- 2. A copy of any original decision letter or other entitlements that are relevant to the proposed project.

ZA MEMORANDUM NO. 130 (September 3, 2013) defines policies and procedures to implement the federal Middle Class Tax Relief and Job Creation Act of 2012 ("Act"). Section 6409(a) of the Act applies to collocation, removal, or modification of equipment on an <u>existing wireless tower or base station facility</u> where substantial change in physical dimensions of said facility does not occur. The following basic materials are required for this review:

- 1. Two sets of plans (11" x 17" reduced size).
- 2. A copy of any original decision letter or other entitlements that are relevant to the proposed project.

CP-7838 [01.09.2018] Page **1** of **2**

- 3. Photo-simulations.
- 4. If the project meets the review standards for Administrative or Administrative Plan Approval (as specified in ZA Memorandum 130) fees related to the review procedures per Article 9, Section 19.01 E of the LAMC must be paid at the time of review.
- 5. Request letter from the applicant indicating the project's scope of work.

SPECIALIZED QUESTIONS: The items below cover important information which will help acquaint City Planning staff with your request. The information is required but should not be considered as a limitation upon material to be submitted, and the applicant is encouraged to include any additional material you feel is relevant. In the space below, or on separate paper if necessary, complete the following:

Height: a. What is the height of the existing structure? b. What is the height of the proposed project (including WTF equipment)? Will there be an emergency generator?	What type of WTF is pro	oposed (rooftop antenna,	monopole, tower, etc.)?	
b. What is the height of the proposed project (including WTF equipment)? Will there be an emergency generator?	Height:			
Will there be an emergency generator?	a. What is the height	of the existing structure	?	
If YES, specify location, type and size (i.e. fuel/kw): Is screening proposed/existing?	b. What is the height	of the <u>proposed</u> project	(including WTF equipme	ent)?
Is screening proposed/existing?	Will there be an emerge	ency generator? DYE	S 🗆 NO	
If YES, describe type: Describe type and location of ancillary equipment (e.g. cabinets etc.): What is the total square-footage of your leased area? Sector/Equipment Breakdown: Complete this table following the format given in the example Sector "Example" 4 Antennas 4 RRUs 1 GPS 1 Microwave Dish	If YES, specify locat	tion, type and size (i.e. fu	uel/kw):	
Describe type and location of ancillary equipment (e.g. cabinets etc.): What is the total square-footage of your leased area? Sector/Equipment Breakdown: Complete this table following the format given in the example: Sector "Example" 4 Antennas 4 RRUs 1 GPS 1 Microwave Dish	Is screening proposed/e	existing?	NO	
What is the total square-footage of your leased area? Sector/Equipment Breakdown: Complete this table following the format given in the example Sector "Example" 4 Antennas 4 RRUs 1 GPS 1 Microwave Dish	If YES, describe type	e:		
Sector/Equipment Breakdown: Complete this table following the format given in the example Sector "Example" 4 Antennas 4 RRUs 1 GPS 1 Microwave Dish Sector				
4 Antennas 4 RRUs 1 GPS 1 Microwave Dish				
4 RRUs 1 GPS 1 Microwave Dish	What is the total square	-footage of your leased	area?	
1 GPS 1 Microwave Dish	What is the total square Sector/Equipment Break	-footage of your leased kdown: Complete this t	area?able following the form	at given in the example
1 Microwave Dish	What is the total square Sector/Equipment Break Sector "Example"	-footage of your leased kdown: Complete this t	area?able following the form	at given in the example
	What is the total square Sector/Equipment Break Sector "Example" 4 Antennas	-footage of your leased kdown: Complete this t	area?able following the form	at given in the example
Northerly side	What is the total square Sector/Equipment Break Sector "Example" 4 Antennas 4 RRUs	-footage of your leased kdown: Complete this t	area?able following the form	at given in the example
	What is the total square Sector/Equipment Break Sector "Example" 4 Antennas 4 RRUs 1 GPS	-footage of your leased kdown: Complete this t	area?able following the form	at given in the example
	What is the total square Sector/Equipment Break Sector "Example" 4 Antennas 4 RRUs 1 GPS 1 Microwave Dish	s-footage of your leased kdown: Complete this to Sector	area?able following the form	at given in the example
	What is the total square Sector/Equipment Break Sector "Example" 4 Antennas 4 RRUs 1 GPS 1 Microwave Dish	s-footage of your leased kdown: Complete this to Sector	area?able following the form	at given in the example
