

Declaration of disability for over age dependent child

Enrolled dependent children who would normally lose their eligibility under this plan solely because of age, but who are disabled by reason of a physically or mentally disabling injury, illness, or condition may have their eligibility extended by written application within 31 days of the date the dependent child reaches the age eligibility would otherwise cease.* To qualify for this extension, the disabled dependent child must be incapable of self-sustaining employment and be chiefly dependent upon the subscriber for support and maintenance. This medical certification of disability must accompany the application unless you and the dependent are already enrolled in a Blue Shield plan. A recertification of disability may be required within two years after the initial medical certification and annually thereafter, except in cases of long-term disability.

Please send your completed form by mail to: Blue Shield of California, Attn: LeeAnn Perez, 3021 Reynolds Ranch Parkway, Lodi, CA 95240; or fax it to: **(209) 371-5824**.
