***P3a. Description:**

This residence was originally constructed as a gable roof vernacular house with Craftsman details. It appears to have replaced an earlier house on this lot circa 1920a. A residence of similar form appears on the 1913-1942 Sanborn Map at the same location. The house is essentially L shape in plan with a cut-in porch on the west side of the front façade. It has a moderately sloped front gable roof with a projecting secondary gable covering the porch. The eaves display exposed rafters. Front fenestration consists of central window with decorative muntins flanked by side panels of similar design. The porch rail and stair appear to have been altered. The building was evaluated as potentially contributing to the Downtown Historic District in the 1986 survey and should be elevated to the status of a contributing building.
