¹ For those districts receiving property tax revenue via wire transfer, the **wire date is the day after the Apportionment date.**

² A certain percentage of the current secured revenue is distributed in anticipation of property taxes collection for the December 10 installment due date. With the exception of unforeseen events affecting collection, it is anticipated that Apportionment 5 distributions will bring the year to date collection to 40%. **New in FY 2122: Collections for the April 10 installment due date in Apportionment 9 will be based on actual collection. There will be no percentage distribution.** All other revenue distributions will be from actual collections.

³ Taxing agencies under the alternate method of property tax allocation (Teeter plan) will receive 100% of their current secured revenue in Tax Apportionment No. 11, June 22, 2021.

⁴ Delinquent secured tax revenue is allocated only to taxing agencies not under the Teeter plan.
