FINAL GRADING VERIFICATION

ATTENTION: Community Development Administrator

SUBJECT: Grading Verification for Project No. _____
Address: _____

Gentlemen:

Finish grading operations have been completed for Project No. _____ for
Lots _____ through _____ (if applicable) and has been inspected
by the undersigned Registered Civil Engineer or Licensed Architect.

Based upon the observations, the grading subsequent to the Rough Grading has been
completed in accordance with the approved plans and specifications and is in
substantial conformance with the final grading plan approved by the City and no
unauthorized deviations were made.

All required surface drainage devices have been installed. Provisions have been made
for drainage of surface waters around proposed buildings and their appurtenances.

ROUGH GRADING VERIFICATION

ATTENTION: Community Development Administrator

SUBJECT: Grading Verification for Project No. _____

Address: _____

Gentlemen:

Rough grading operations have been completed for Project No. _____ for Lots _____ through _____ (if applicable) and has been inspected by the undersigned Registered Civil Engineer or Licensed Architect.

Based upon the observations, the rough grading of the lot(s) listed above have been completed in conformance with plans marked "APPROVED" by the City. The work includes but is not limited to the following: grading to approximate final elevations; staking of property lines; location and gradient of cut and fill slopes; location, cross-sectional configuration and flow-line gradient of drainage swales and terraces; berms installed where indicated; and required drainage slopes provided on building pads.

Enclosed herewith is a Soil and Compaction Report for the Building Division which is required on all sites which will be raised or filled more than 12".
